HMI with Network camera

Large machines, complex machines

END user
Production Management,
Machine builder

“Empower operators” by HMI + Network camera with Video recording

Reliable and Efficient

Reduce mis-operation and minimize time to take right decision by checking invisible area.

Kaizen (Improvement)

Find out reasons to stop production by recording phenomenon (Before & After)

Simple Visibility - Increasing information Value -

Products List

Pro-face

3rd Party

01

SP5000 (Open Box)

Enable to use Windows Applications via HMI
