

Remote Monitoring Software for Mobile
Pro-face Remote HMI

On-site HMI in Your Hand

Supported OS

Android OS | iOS

Pro-face Remote HMI lets you monitor and control HMI screens from a smart phone or tablet via Wi-Fi anytime and anywhere without the need for any special programs.

Efficient

Reduces work time by letting you see machine information no matter where you are.

Effective

Monitor the status of multiple machines from a single mobile device.

Interactive

Gives you the ability to both monitor and control machines.

Versatile

Gives you the freedom to use any tablet or smart phone running Android or iOS.

Example Application 1

Monitoring

Multiple machines can be monitored and operated using a single tablet. Check causes of errors and prepare tools for maintenance before dashing off to the source of the issue.

Example Application 2

Adjustment

For adjusting a large machine and machine startup, it takes time to go and check the HMI screen to make adjustments.

Pro-face Remote HMI lets you check HMI screens anywhere on site for improved efficiency.

⚠ WARNING

HAZARD OF OPERATOR INJURY, OR UNINTEDED EQUIPMENT DAMAGE

Before operating any of these products, be sure to read all related manuals thoroughly.

Failure to follow these instruction can result in death or serious injury, unintended equipment damage.
